**General Information about Checksheet:** Superscripted annotation \([F,S,SI,SII]\) in Credits column indicates that a course is known to be offered in terms other than when shown. Course offerings are subject to change and the availability of sufficient resources. Students should confirm course offerings in advance with their department.

**Curriculum for Liberal Education (CLE)**

Consult the CLE Alphabetical Listing at: [http://www.cle.prov.vt.edu/guides/alpha.html](http://www.cle.prov.vt.edu/guides/alpha.html). CLE courses need to be completed prior to graduation.

| CLE Area 1: Writing and Discourse (6 hrs) | ENGL 1105 | (3) | ENGL 1106 | (3) |
| CLE Area 2: Ideas, Cultural Traditions, Values (6 hrs) |  | (3) |  | (3) |
| CLE Area 3: Society & Human Behavior (6 hrs) |  | (3) |  | (3) |
| CLE Area 4: Scientific Reasoning and Discovery (8 hrs) | PHYS 2305 | (4) | PHYS 2306 | (4) |
| CLE Area 5: Quantitative and Symbolic Reasoning (8 hrs) | MATH 1225 | (4) | MATH 1226 | (4) |
| CLE Area 6: Creativity & Aesthetic Experience (1 hr) |  |  |  | (1) |
| CLE Area 7: Global Issues (3 hrs) |  |  |  | (3) |

If a CLE course is double-counted to satisfy two different CLE areas, a free elective(s) must be taken to maintain a minimum of 128 credits.

**Electives:** BSE majors must take 12 hours of BSE electives, 3 hours of chemistry electives, 9 hours of engineering topics electives, and 8 hours of technical electives. Students choose from the courses listed under each respective requirement, noting that some courses are not available to all students because some courses have prerequisites and some are restricted to majors in the offering department. Courses with substantial duplication (as determined by the BSE Undergraduate Curriculum Committee) of courses previously taken will not qualify for credit. Independent study (BSE 4974) and undergraduate research (BSE 4994) courses cannot be used as electives.

**Change of Major Requirements:** Please see [http://www.enge.vt.edu/undergraduate-changing-majors.html](http://www.enge.vt.edu/undergraduate-changing-majors.html)

**Foreign Language Requirements:** Students must have had 2 years of a foreign language in high school or one year at the college level (6 credit hours) of the same language. College-level credits used to meet this requirement do not count towards the degree.

**Satisfactory Progress Towards Degree:** University Policy 91 outlines university-wide minimum criteria to determine if students are making satisfactory progress towards the completion of their degrees. The BSE Department fully supports this policy. Specific expectations for satisfactory progress for BSE majors are as follows:

- Each student must meet the minimum University-wide criteria as described in Policy 91 and summarized in the Undergraduate Catalog ([http://www.undergradcatalog.registrar.vt.edu/1617/academic-policies.html#22](http://www.undergradcatalog.registrar.vt.edu/1617/academic-policies.html#22))
- Maintain overall and in-major GPAs of at least 2.0 (in-major GPA based on all BSE-prefix courses taken);
- Be registered for at least one BSE-prefix course per semester, excluding BSE 2094, 2294, 2484, and 4994; and,
- Repeat no BSE course required in the major more than twice, including attempts ending in course withdrawal.

**Statement of Hidden Prerequisites:** Pre-requisites for each course are listed after the course title. The (letter grade) notation, such as (C-), indicates the minimum grade students must earn in the pre-requisite course.

- There are no hidden prerequisites in this program of study.
- Prerequisites may change from what is indicated. Be sure to consult the University Catalog or check with your advisor for the most current requirements.
- A student must obtain a C- or better in all BSE courses.

**Graduation Requirements:** Students must pass all required courses, with a minimum grade of C- in all BSE-prefix courses. Both the overall and in-major GPA must be at least 2.0, where in-major GPA is based on all BSE-prefix courses taken. Only free electives and courses only offered on a Pass/Fail basis may be taken Pass/Fail.
Courses with substantial duplication of courses taken previously will not qualify for credit. Independent study (DEPT NAME 4974) and undergraduate research (DEPT NAME 4994) courses cannot be used as electives.

Choose from the courses listed under each respective requirement, noting that some courses have prerequisites and some are restricted to majors in the offering department.

**Biological Systems Engineering (BSE) Electives (12 credit hours required):**

- BSE 2304 Landscape Measurement and Modeling
- BSE 3324 Small Watershed Hydrology
- BSE 3334 Nonpoint Source Pollution Assessment and Control Practice
- BSE 3524 Unit Operations in Biological Systems Engineering
- BSE 3534 Bioprocess Engineering
- BSE 4224 Field Methods in Hydrology
- BSE 4304 Nonpoint Source Pollution Modeling and Management
- BSE 4344 Geographic Information Systems for Engineers
- BSE 4344 Nonpoint Source Pollution Modeling and Management
- BSE 4524/HE 4524 Protein Separation Engineering
- BSE 4544 Metabolic Engineering
- BSE 4604 Food Process Engineering

**Chemistry (CHEM) Electives (3 credit hours required):**

- BCHM 2024 Concepts of Biochemistry
- CHEM 2114 Analytical Chemistry
- CHEM 2124 Analytical Chemistry Laboratory Techniques and Practice
- CHEM 2514 Survey of Organic Chemistry
- CHEM 2535-2536 Principles of Organic Chemistry
- CHEM 3615 Physical Chemistry
- CHEM 4615 Physical Chemistry for the Life Sciences
- CSES 4314/ENSC 4314 Water Quality Chemistry
- CSES 4734/ENSC 4734 Environmental Soil Chemistry
- GEOS 4634 Environmental Geochemistry

**Engineering Topics Electives (9 credit hours required – students must request to be force-added to major-restricted courses):**
